

SAS TRAVEL PERU MANU CONDITIONS AND RESPONSABILITY

PLEASE NOTE: OUR PROGRAMS MAY VARY SLIGHTLY DUE TO WEATHER CONDITIONS, FLIGHT DELAYS OR SO AS TO MAXIMIZE THE WILDLIFE SIGHTINGS DEPENDING ON THE REPORTS OF NATIVE GUIDES AND CURRENT INFORMATION.

WE REQUIRE A MINIMUM OF 4 PAXS TO CONFIRM A DATE

IN CASE OF FLIGHT CHANGES It is quite common that the small charter flight planes have frequent flight schedule changes and you may have some delays in flights due to this. Take a light book for the airport!

*More frequently the cause of these delays is due to poor weather conditions in Boca Manu or Cusco which may require a longer delay and more patience waiting for safe flight conditions.

*If the flight from Boca Manu to Cusco or vice versa is cancelled owing to bad weather or maintenance of the aircraft SAS TRAVEL will assist in finding accommodation but the passenger must pay for any additional costs incurred during this extra night. The cost per person for accommodation, transport, dinner and breakfast until the following day is \$30.

* It is wise not to organize a charter flight return during wet season on the day before a flight out of Cusco or Inca trail. You must leave flight details for reconfirmation of national flights etc while you are away. The weight allowance for the charter flights ie Boca Manu/ Cusco is 9- 10kilos max

MACAW LICK . Sightings of Macaws at the Clay Lick vary greatly in numbers due to weather, predators and luck.

River transport in the Jungle can be delayed at times by very high water or very low water.

The motorist will do his best to accommodate these conditions and the guide may need to vary the programme slightly to maximize the opportunities available.

AIRPORT TAXES ARE NOT INCLUDED: CUSCO BOCA MANU \$15 AND BOCA MANU CUSCO \$8

SAS TRAVEL HAS THE RIGHT:

A).- To make any change in the itinerary when deemed necessary or caused by changes in air schedules
